The JCH Corporation is seeking an experienced, registered *and* competent PCA for its Lester Senior Housing Community. Reporting to the Director of Wellness, the ideal candidate will have the ability to maintain a social system which encourages and supports residents to function at a maximum level of independence, dignity, wellbeing and comfort. Responsibilities to each resident may vary, depending on the resident's functional ability, the Plan of Care and specific needs and requirements specified on the P.C.A. assignment sheets.

Qualifications:

To perform this job successfully, the following education, training, certification, language skills is required:

1. Certified as a Nurse Aide, or Home Health Aide in New Jersey.
2. Proficiency in the English language.

Reasoning Ability:

Based upon the Mission, Vision and Values of Lester Senior Housing the following abilities are required to successfully accomplish the essential duties of this position:

1. Ability to report any and all changes observed in a resident's condition to the nurse
2. Ability to follow instructions/directions as given
3. Ability to recognize a dangerous or life-threatening situation and either rectify it or call for the appropriate help
